*Impacts above are based on current certified taxable valuations from the current school fiscal year, as required by 20-9-116 MCA

The District Major Maintenance Amount (SMMA) is \$21,600. We estimate the State share of the SMMA if fully funded will equal \$3,089.64 so our anticipated permissive levy in the Building Reserve is \$18,510.36. The amount of SMMA per dollar of local effort is 0.17 (20-9-525(3)MCA). The District intends to use the permissive Building Reserve levies listed above to finance projects and improvements to school and student safety.

These estimates are the District's best estimates at the current time. If the District's taxable value, certified by the department of revenue 20-9-369(3) MCA, increases the mill and taxpayer cost increases will be less than presented here. These estimates are preliminary and changes are expected before the final budgets are set in August.
