State Level Electronic Student Photo Directory

The 2019 Montana Legislature passed Senate Bill MTSB40 requiring the OPI (Office of Public Instruction) to create and maintain an electronic directory photograph repository of all Montana public school students. The purpose of this photo repository is solely for assisting law enforcement officials in locating a student that has been identified as a missing child.

Internet Safety and Technology Acceptable Use Policy

Please read sections "Computer Resources" and "Appendix A" in your Student Handbook.
